

HKUST CLIMATE ADAPTATION & RESILIENCE CONFERENCE (CARE2022) 10 Dec 2022 | SCIENCE TO POLICY DAY

MORNING PLENARIES

The morning program is divided into two parts – a quick update on the latest climate science by the most authoritative experts, followed by a unique presentation by government officials on climate adaptation policies, plans and projects involving Bureaux and Departments so that there could be a wide-ranging introduction to the efforts of the HKSAR Government. The government presentation sets the stage for in-depth deliberations in the two afternoon workshops.

Time	Contents
09:00	<p>WELCOME SPEECH</p> <p>Prof. Nancy Y. IP, President, The Hong Kong University of Science and Technology</p>
